

# bbclib

---

The aim of this repository changed over the time. It became a field of experimentation with C, Noweb and LaTeX.

The result can be seen here : [bbclib.pdf](#)

using `noweb`

---

To generate the code :

```
notangle rbuffer.nw > rbuffer.h
```

To generate the documentation :

```
noweave -delay -index rbuffer.nw > rbuffer.tex
```
